### Tenaga Pengajar

**Cdr Ts. Dr. Haliza Mohd Zahari RMN** is a Malaysian Military Academy graduate who received her first degree in Management (Technology) in 1999 from University Teknologi Malaysia. In 2003, she completed her Master of Business Administration (Strategic Management) at the University Teknologi Malaysia, and in 2014, she began her PhD studies in Technology, Operations, and Logistics at Universiti Utara Malaysia, which she completed successfully in 2018.

Cdr Ts. Dr. Haliza has spent her entire military career as a logistics officer, holding positions such as Procurement Officer, Contract Managing Officer for Military Supplies and Equipment, and Deputy Director of the Maritime Budget Division at Naval Headquarters, Ministry of Defense. She also has extensive experience in warehouse management at the Lumut Naval Base's Fleet Supply Depot, and she is the Project Leader for the Development of Automated Storage and Retrieval System Project.

In 2018, she was seconded to the National Defense University of Malaysia and appointed as a Senior Lecturer. Among the courses at the undergraduate level are Supply Chain Management, Warehouse Management, Inventory Management and Research Methodology. For the MBA Supply Chain program, she teaches the Procurement module.
